

Wichtige Nachricht: Bird breeding protection in force in spring / summer time. Please check DAV Felsinfo

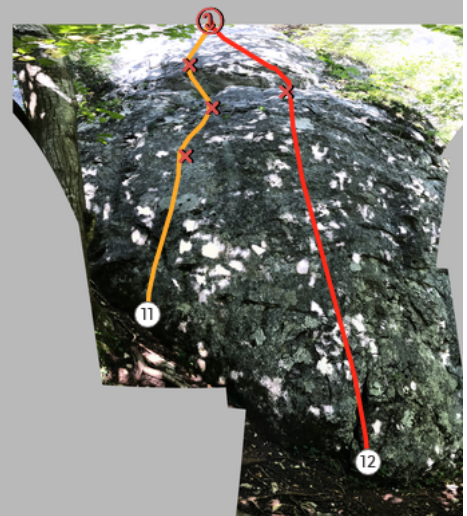

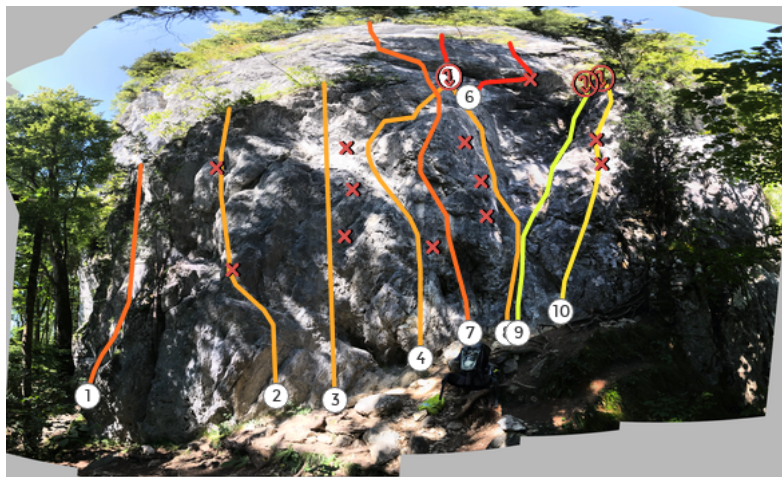

Beschreibung	Zellerwand is one of the biggest crags in the Chiemgau area and climbers of at all levels should be able to find a challenge here. At the foot of the rock is a nice campground with a pond that offers some cooling after your climb. The face is oriented south-south-east. Despite the shade provided by the trees it can get hot/muggy. At some areas the rock can be loose so bring your helmet.
Zustieg	15 Minuten oder weniger Pass through the campground and follow the signs to the rocks. After the campground go left for about 200m, then follow the path into the woods.
Höhe	15m
Sonnenschein	   Morgens Mittags Nachmittags
Kinderfreundlich	✗
Feuchtigkeit	trocknet innerhalb von Tagen
Wand Position	Lat/Lon (47,7369 12,4116)
